

MEMBERSHIP OPPORTUNITIES

Membership allows our local businesses to connect with over a century of service. Founded in 1914, Southern Ocean Chamber of Commerce is one of the oldest and most influential business organizations in our state. Serving as an advocate for the business community, globally accredited as a leader in tourism promotion and the only privately funded, fully dedicated staffed business and visitor resource center operating in our region.

Value added membership brings public relation opportunities, business enhancing advertising packages, professional mentoring, brand building networking and signature events for you to add to your business plan. Our stream-lined dues schedule along with our member focused board and staff are working to make our chamber the clearing-house for you and your staff to do business in the 21st century while boosting our regional economy.

Membership is rolling, with renewal on your anniversary date.
