

Long Beach Island Region

The perfect destination for any occasion.

WEDDINGS & EVENTS

The Long Beach Island Region is celebrated for unique events and wedding venues offering traditional and trendy ways to celebrate. With that in mind, we are highlighting creative ways to showcase these spaces and preferred vendors that are local party planning experts. Following the lead of a new generation of decision-makers, we are saying goodbye to one large bridal show and supporting a variety of venue open houses to target prospective customers any time of the year.

ADAPTING PROMOTION

As a preferred vendor hosting an open house or a venue creating tours that focus on your services, the Southern Ocean Chamber will support dates and times of your choice by promoting in a variety of ways.

- Leverage Social Media Accounts with host takeovers
- Promote to over 10K consumers through a digital newsletter
- Digital publication blog on the event
- Shared registration link on WRS Calendar
- Guest on Bridecast segments of LBI Region Report Radio & Podcast

As technology and digital platforms are continually changing, so is the industry outlook for the destination celebration audience. The chamber's popular Wedding Road Show branding will very much be part of the future.

Visit our LBI Weddings and Events tab on our website to take advantage of our current programs and register your event.
